JAMESTOWN
FAMILY HEALTH CLINIC

808 North 5th Ave,
Sequim, WA 98382
Ph. (360) 683-5900 Fx. (360) 582-4800

Thank you for your interest in becoming a patient at Jamestown Family Health Clinic.

Complete & return this packet to the clinic, along with copies of your

- Current Insurance card(s)
- Photo ID (State or Passport)

Schedule your New Patient Appointment

New patient appointments are scheduled on a first come, first served basis with the next available provider

Register for MyChart

- This is the Clinic preferred method of communication
- You will receive your MyChart Access Code when you schedule your New Patient Appointment

Complete the MyChart Family Medicine History Questionnaire

- Completing this questionnaire will ensure your chart is ready for your appointment with your new provider
- Questionnaire must be filled out at least 24 hrs prior to your appointment.

Complete the MyChart Pre-Check before your New Patient Appointment

- MyChart Pre-Check is available up to 4 days before your appointment
- Update your medication list, pharmacy, allergies & demographics during MyChart Pre-Check

Important information for New Patients

- **Refills of controlled substances such as** *Opioids, benzodiazepines, or other high-risk medications* **will not be given during your new patient appointment.**
- If you are **unable** to keep your appointment, **please contact the clinic** at 360.683.5900 as soon as you can to reschedule.
- New patients that **no show** or **cancel appointments with less than 24 hours' notice** may not be allowed to reschedule.

What is MyChart??

MyChart is an online patient portal available on your computer or through an App allowing you to have more access to your care team through:

- **Secure messaging (all messages become part of your legal medical record)**
- **Viewing lab and imaging test results**
- **Requesting prescription renewals**
- **Updating your health history**
- **Paying your bill**
- **Schedule non urgent appointments**

When you schedule your appointment, you will receive more information on how to access and use MyChart.

JAMESTOWN
FAMILY HEALTH CLINIC

A note to prospective patients of Jamestown Family Health Clinic who are prescribed opioid pain medications, from their current or past healthcare providers.

We are pleased that you have chosen to seek care at JFHC. Fully understanding, anticipating, and planning for your initial visit is the best way to ensure you experience a seamless, safe, and satisfactory transition in your care.

Establishing primary care at JFHC is not a guarantee that we will continue to prescribe medications in the same manner or dosing as your previous healthcare providers. The continued use of opioid pain medications, in the treatment of chronic pain conditions, first requires a comprehensive evaluation by your JFHC provider. Your initial visit, related to chronic pain management, includes a complete review of past medical, surgical, medication, social, family, drug, and alcohol use histories, along with an appropriate pain focused physical examination.

During your first or subsequent visit to JFHC, your provider will review your medication list in the context of your whole patient care at JFHC. We are a Family Medicine Clinic and do not offer Pain Specialty services separate from our patient's primary care needs. Patients for whom opioid pain management is their primary healthcare need may be directed to seek care at a specialty clinic.

For JFHC to provide appropriate and safe chronic pain management, new patients are required to supply JFHC with outside records pertinent to your pain management history. This includes chart notes, treatment plans, and any imaging reports (x-rays, MRIs, CT scans, other) previously obtained in the evaluation of your pain conditions. For any records, not readily available in our Epic electronic health record, you will need to complete Release of Information forms, available at our front desk.

Consideration for refills of your current opioid pain medications is contingent upon your JFHC provider having full access to such records prior to or at the time of your initial visit. To avoid a possible disruption in your pain management regimen, please take the time to ensure your records are available to us at the time of your first visit.

Thank you for choosing JFHC for your ongoing primary healthcare needs.

Paul Cunningham, MD
Chief Medical Officer, JFHC

JAMESTOWN
FAMILY HEALTH CLINIC

Jamestown Family Health Clinic is a family practice clinic that offers pain management services to our patients on a case-by-case basis. To be considered for pain management, you will be required to complete an Initial Chronic Opioid Therapy packet and provide medical records from any healthcare provider that has treated your chronic pain. Once you return your packet, it will be reviewed along with your previous medical records to determine if you are an appropriate candidate for chronic pain management at our clinic. If your case is complex, we may refer you to a specialty pain clinic or advise that you remain with your current pain management provider. It is important for you to maintain care with your current pain management team until your case has been reviewed and accepted.

Are you currently prescribed opioid medications? **Yes** ☐ **No** ☐

Will you be requesting pain management services at Jamestown? **Yes** ☐ **No** ☐

Have you ever seen a pain specialist? Yes ☐ No ☐

If you have records with a pain specialist, please complete records release below.
